📄 PROFILE

Final-year B.Tech(ECE) student graduating in 2026 with hands-on experience in Full-Stack Web Development and Applied Machine Learning. Strong in Python, JavaScript, React, Django, FastAPI, and RESTful API design, with solid foundations in Data Structures and Object-Oriented Programming. Built and deployed production-ready applications including a secure fitness platform and a deep learning-based medical image analysis system. Seeking Software Engineer / Full-Stack / Machine Learning Internship roles to work on real-world, scalable systems.

🔧 INTERNSHIP EXPERIENCE

Full Stack Developer Intern Enginow 📄

- Worked on full stack web development tasks including frontend and backend integration.
- Developed and tested RESTful APIs and implemented application features using structured development workflows.

📁 PROJECTS

RedIron Gym – Full-Stack Fitness Platform 📄

- Developed backend APIs using Django & Django REST Framework with JWT authentication.
- Implemented equipment filtering, workout modules, articles, and end-to-end user flows.
- Integrated an ML-based Nutrition Analyzer to estimate calories and macronutrients from food images.
- Built a responsive, modern UI using React and TailwindCSS with smooth animations.
- Deployed and tested APIs for real-world usage.

Kidney Stone Detection – Deep Learning 📄

- Trained a CNN model on CT scan images achieving high detection accuracy.
- Built FastAPI-based inference APIs for image upload and prediction.
- Developed a clean, responsive frontend using React (Vite) and TailwindCSS.
- Deployed backend and frontend for public access.

📜 CERTIFICATES

Python Full Stack Developer: TalentShine

Python Bootcamp: LetsUpgrade + NSDC 📄

Git & GitHub Bootcamp: LetsUpgrade + NSDC 📄

Introduction to MongoDB: Simplilearn 📄

🏆 ACHIEVEMENTS & WORKSHOPS

- 2nd Prize – Team Leader, Robotics Workshop by HackerTribe, Hyderabad (Aug 2024)
- 3rd Prize – Team Leader, IoT Fire Alarm Model, MakeSkilled Expo (Mar 2024)
- Participated in Prompt Engineering Workshop – STEPCon 2024 by GMR Institute of Tech (Feb 2024)
